

## **Why Should I Have A Service Agreement?**

Ever have a leaky faucet, stopped up drain, or wonder if your water heater was operating at top efficiency? Most of us have. Wouldn't it be nice to have someone check all of your plumbing needs once a year and to make minor repairs on the spot? That is just what your Plumbing Service Agreement is designed to do.

With routine maintenance on your entire plumbing system those minor irritations will disappear. If an unexpected problem were to come up during the year you would receive priority service, as a service agreement customer. You will also receive a discount on all labor and materials necessary to make the repair. Don't worry about scheduling. We will call you each year to schedule a convenient time that works for you.

## **A Service Agreement Customer Receives**

- Annual inspection of your plumbing system
- A discount on labor and materials should additional service be required during the year
- Priority emergency service
- Peace of mind knowing your system is operating safely and efficiently

## **Once a year Friend's Plumbing will**

1. Test all water closets
2. Inspect all faucets for leaks
3. Inspect all exposed hot and cold water supply lines
4. Inspect all fixture drains
5. Inspect washing machine hoses
6. Inspect water conditioners for damage or leaks
7. Inspect all exterior faucets for leaks
8. Inspect all emergency shut offs and water shutoff valves
9. Inspect water heater for damage or leaks

## **PLUS**

Add On Rate on all work and repairs at time of Walk Thru.
